Something for everyone...

HopeWell offers more than 125 opportunities each month for people coping with cancer to find support, learn and feel better.

- Support groups
- Networking groups
- Programs for children and teens who have a loved one with cancer
- Yoga, Qigong, Exercise & Mindfulness Meditation
- Educational programs with health care experts
- Expressive Arts
- Bereavement groups for adults, kids and teens
- Information and referral services

Weekly Participant Support Groups

- For people with cancer
- For family members and significant others of someone with cancer

Weekly Participant Groups are a powerful source of support. Facilitated by licensed mental health professionals, these groups provide opportunities to explore new ways of dealing with the stress of a cancer diagnosis, reduce isolation and feel inspired by others. For people with cancer, learn techniques to be an effective partner with your health care team. For family members, learn techniques to be an effective caregiver and take care of yourself at the same time.

Interested participants meet individually with program staff to learn more about these groups. Please call 410.832.2719 for more information.

New to HopeWell?

Come to a Welcome Meeting

Tuesdays at 7:00 pm
Thursdays at 12:00 pm

Art Class: Creating Place-Scapes, Part II

Thursday, May 17, 1:00 – 2:30 PM

Instructor: David Cunningham

Visiting artist, David Cunningham, will guide us in a special art project using organic forms from the beautiful grounds at Hopewell. Participants are invited to create a small landscape/sculpture form with varied materials and their own personal touch. This workshop is similar to the one offered last month, "Creating Mini-Landscapes", which was very well-received. One does not need to have been present at Part I to enjoy this workshop.

Materials will be provided.

Proton Therapy: A New Ray of Hope for Breast Cancer Patients

Monday, May 21, 6:30 – 8:00 PM

House Calls Speaker: Wendla Citron, MD

Dr. Wendla Citron, a Radiation Oncologist at The Maryland Proton Treatment Center, is an expert in the use of proton therapy, specifically for the treatment of breast cancer and other cancers that affect women. She is Assistant Professor of Radiation Oncology, University of Maryland School of Medicine, Program Director, Radiation Oncology Residency Program and Medical Director, Tate Cancer Center, Baltimore Washington Medical Center.

Proton therapy is a highly targeted type of radiation that treats localized, solid tumors near critical organs in the body. Please join Dr. Citron to learn:

- How proton therapy is used to effectively treat breast cancer.
- What factors determine whether proton therapy is an option.
- How proton therapy differs from other types of radiation therapy for breast cancer.
- Side effects of proton therapy.
- Whether proton therapy can be used in conjunction with other cancer treatments.

Your questions are welcome during this informational presentation.

rsvp@hopewellcancersupport.org

Since 1993, it has been our pride and our privilege to create a community for all people with cancer, their families and friends, that encourages an exchange of information, the development of a support system and the presence of hope.

Lunch and Learn – Moving a Difficult Conversation Forward: Advance Directives & Financial Powers of Attorney

Thursday, May 31

Lunch: 12:15 – 12:30 PM

Program: 12:30 – 2:00 PM

Guest Speaker: Jason A. Frank, Esq.

Simply put, Advance Directives are legal documents that speak to the kind of care you would or would not want should you become very ill and unable to speak for yourself. Financial Powers of Attorney enable others to manage finances and make other financial decisions should you be unable to handle these matters yourself. Many of us procrastinate and avoid dealing with this subject and the conversations that go along with it. Many have questions regarding these decisions.

Join Jason H. Frank, President of the Law Offices of Frank, Frank & Scherr LLC, to learn more about these medical and financial decisions and documents, why it is important to have them in place for you and your family, what is involved in taking care of this important matter and ways to broach this difficult conversation with your loved ones.

CANCER SUPPORT PROGRAMS, CLASSES AND EVENTS HAPPENING IN MAY

HopeWell's programs are always offered at no charge!

Concentration, Relaxation and Meditation

**This Month's Theme:
The Five Core Skills of Mindfulness**

**Tuesdays, May 1, 8, 15, 22, 29
12:00 – 12:45 PM**

*Instructors: Jeanne Deignan-Kosmidis
and Jana Long*

When you are living with cancer, it may be especially challenging to concentrate and relax. This class can help focus attention, manage distractions, and promote an overall sense of calmness and relaxation. Each class features new practices and techniques.

Please join us as we explore *The Five Core Skills of Mindfulness* by author and speaker Terry Fralich. Jeanne recently attended a Mindfulness Training Certification Program with Terry Fralich and will be sharing some of the highlights and exercises from this training throughout the month of May.

No experience is necessary. All are welcome to any of the classes.

Sound Meditation: A Five Week Group Experience – New Series Starting!

**Wednesdays, May 2, 9, 16, 23, 30
9:30 – 10:30 AM**

*Instructor: Elaine Wujcik,
RN, RYT-200, Certified in
Sound Massage and Health
Coaching*

*Facilitator: Carole Sharp,
LCSW-C*

Through the use of Himalayan singing bowls, sound meditation offers

a unique method of rest and renewal. Participants lie comfortably on blankets and mats or seated in chairs. By the end of a "sound bath" many people experience deep relaxation and a sense of increased resilience and well-being.

Often, the more one experiences sound meditation, the greater and more long lasting are the benefits.

In this five week series, we will not only practice sound meditation, but will allow time to explore and deepen the experience through group sharing and support.

Creating Healing Images

**Wednesdays, May 2, 9, 16, 23, 30
12:30 – 2:30 PM**

Facilitator: Wanda Harrison, LCSW-C

The simple act of drawing is not only a way to express one's self creatively, but as research is showing, can help generate positive feelings and improved mood.

Using basic materials, e.g., pastel chalks, oil based pastels and color pencils, join others to find enjoyment by creating and sharing your drawings. This group will provide a supportive experience that is sure to delight and surprise!

No art experience is needed. We invite you to drop by the group and find out for yourself.

Lunch and Learn – Common Sense Physical Therapy: What Do I Need and How Do I Get It?

Thursday, May 3

Lunch: 12:15 – 12:30 PM

Program: 12:30 – 2:00 PM

House Calls Speaker: Bonnie Schulman, PT

Taking stock of your overall level of daily functioning as it affects your quality of life is the first step towards getting the help you need. However, this is often easier said than done. In today's program, Bonnie will assist you in solving the puzzle. She will help you describe your problems as a result of your cancer, its treatment and other factors.

This session will include time for sharing and brainstorming.

Note: Please wear comfortable clothing to this experiential program.

Lunch & Learn – Managing Cancer Pain and Side Effects: What You Need to Know

Monday, May 7

Lunch: 12:15 – 12:30 PM

Program: 12:30 – 2:00 PM

*House Calls Speaker:
Mary Lynn McPherson,
Pharm D, BCPS, CPE*

Having cancer doesn't always mean you'll have pain, but if you do or are living with someone who does, this program is for you. Dr. Lynn McPherson,

Professor & Executive Director, Advanced Post-Graduate Education in Palliative Care, Department of Pharmacy Practice and Science at the University of Maryland School of Pharmacy, will present the latest research and information about cancer pain.

Dr. McPherson is an international authority in the fields of pain management and palliative care, and the 2014 recipient of the Maryland Pharmacist Association's Seidman Distinguished Achievement Award. She will be joined by resident, Dr. Alexandra McPherson.

Healthy Lunch Club – Supplements, Vitamins and Cancer

Thursday, May 10

Lunch: 12:15 – 12:30 PM

Program: 12:30 – 2:00 PM

*House Calls Speaker:
Tedra Scott, Pharm D*

Vitamins and supplements are often thought of as resources to help people with cancer stay strong and manage side effects. However, there is evidence that some can interfere

with cancer treatments. Please join Dr. Tedra Scott, Pharmacist with the Sandra and Malcolm Berman Cancer Institute at GBMC, to find out what you should know
